**Max 10 pitch presentations** from organizations, Startups or SMEs challenges so hurry up!!

OBS. \*Collaboration with external partners is a voluntary activity for the students at the university. Be aware that several factors play an important element in addition to relevance in connection with the study program if you want to attract students such as the company's values, project management methods, geographical distance, and not least chemistry. Therefore, RUC cannot guarantee that students will enter and stay in collaborations with the external partners.

## Why?

1. Solve **planning challenges**
2. Co-create innovation
3. Enhance your network
4. Onboard new trainees

## How to?

5. Get screened your idea /challenge:
